

# Disaster Preparedness Checklist for Cats

Our Disaster Preparedness Checklist for cats **allows you to be sure you have everything you need in case of a natural disaster or evacuation.**

- Microchip:** Have your cat microchipped and keep database information up to date.
- Food:** 3 days for each cat. Remember special diets.
- Water:** 3 gallons per cat is recommended.
- Travel Bowls:** Collapsible travel bowls or paper bowls for serving food and water. Along with plastic spoons and can openers.
- Medications:** 3 days of your cat's medication. Rotate the stock every couple of months.
- Travel litter box** with litter in small manageable bags or containers.
- Waste Bags:** Handy for cleaning a litter box.
- A favorite toy:** A familiar toy can help ease the stress for your cat in the event of an evacuation.
- Cat Bed, blanket, or mat:** Keep your pet comfortable and warm.
- Towel:** Use a clean towel to keep your cat clean and dry, or use it as a wrap.
- Cat Carrier:** labeled with your name and your cat's name(s): TIP: Store your kit next to the carrier can be helpful for a grab-and-go situation.
- Leash/Collar:** A small harness for your cat.
- Cat Health Information and Vaccine Certificate:** Have copies of critical veterinary records, Cat ID information, Microchip number, and Vaccine certificates.
- Cat First Aid Kit** - can be purchased at [Petfirstaid4u.com](http://Petfirstaid4u.com)
- Information Sheet with Contacts:** Includes your name and your vet information, phone numbers, and addresses for rescuers or even yourself if you need it in a hurry. (See attached)
- List of Pet Friendly Hotels** - [petswelcome.com](http://petswelcome.com) and [bringfido.com](http://bringfido.com)
